DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
2.
 - I. Compositions comprising POEs
 - II. Compositions comprising PAGs
 - III. Compositions comprising PVEs
3. The inventions are distinct, each from the other because of the following reasons:

Compositions containing these compounds are patentably distinct, and a disclosure of one of them would not anticipate or make obvious any of the others.
4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
5. **Having chosen one of Groups I-III, further restriction is required:**
 - A. Compositions comprising polyoxyalkylene glycol ethers
 - B. Compositions comprising amides
 - C. Compositions comprising nitriles
 - D. Compositions comprising chlorocarbons
 - E. Compositions comprising aryl ethers
 - F. Compositions comprising 1,1,1-trifluoroalkanes
 - G. Compositions comprising fluoroethers
 - H. Compositions comprising lactones

Art Unit: 1751

- I. Compositions comprising esters
- J. Compositions comprising crown compounds
- K. Compositions comprising cyclodextrins
- L. Compositions comprising calixarenes

6. These groups lack unity of invention as defined in the MPEP.
7. Because these inventions are distinct for the reasons given above and the search required for any one Group is not required for any other Group, restriction for examination purposes as indicated is proper.
8. A telephone call was made to Ms. Chyrrea Sebree on July 2, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

9. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
10. Any inquiry concerning this communication or earlier communications from the examiner should be directed to the examiner, Dr. John R. Hardee, whose telephone
